Thomas Merton Society of Canada

WHAT WE DO

The Thomas Merton Society of Canada (TMSC) seeks to make Thomas Merton's life and thought better known and to provide opportunities for reflection on some perennial issues of his time and ours. Steeped in Western and Eastern literature, Merton enhanced our knowledge of the self and showed the implications of this knowledge for our social thinking as well as our spiritual awareness.

In his lifetime, Thomas Merton was hailed as a prophet and censured for his outspoken social criticism. For twenty-seven years he was a monk of the austere Trappist order in Kentucky where he became an eloquent spiritual writer and contemplative as well as a poet, Zen calligrapher, photographer, and peace activist. Born in Prades, France, on January 31, 1915, Merton was educated at Cambridge University (England) and Columbia University (New York City). He died in Bangkok on December 10, 1968.

Our 2015 program includes public talks, retreats, pilgrimage programs, workshops and seminars.

HOW WE DO IT

The TMSC is a registered charitable organization that is run by a Board of Directors who meet monthly to manage the Society's diverse programs and projects. There are no paid employees.

We depend on your annual membership fees and financial gifts to pay for day-to-day operating costs such as printing, postage and website maintenance; for program costs, including facility rental, hospitality, and travel expenses of guest speakers and retreat leaders; and the acquisition of tapes and audiotapes for lending library.

BENEFITS OF MEMBERSHIP

- Borrowing privileges from our extensive audio/videotape library
- Reduced retreat and program fees
- Advance notice of TMSC and international Merton events
- Voting privileges at the Annual General Meeting
- Volunteer opportunities that support the work of the TMSC

*“Either you look at the universe as a very poor creation out of which no one can make anything, or you look at your own life and your own part in the universe as infinitely rich, full of inexhaustible interest, opening out into the infinite further possibilities for study and contemplation and interest and praise.
Beyond all and in all is God.”*
